Please keep Uber in Greenville!! I live in Greenville and getting a taxi here takes forever and is fairly expensive, not to mention the cars are always disgustingly dirty and the drivers are quite unsavory. Uber saved us from driving on New Years Eve, I'm sure Uber has contributed greatly in keeping drunk drivers off the road. Please keep Uber in SC!!!!

Please reconsider the ban. Uber provides a much-needed service.

Thank you.

I personally have used them several times. Clean cars, professional drivers and arrived in a timely manner. I would like to continue to use them.

Subject: Support Good Business and Better Transportation Choices

UBER is the best thing that has happened to South Carolina. We live in downtown Greenville in of the fastest growing Urban areas in the South and rely on UBER for almost all of our transportation.

With a City that has poor public transportation and Cab companies that takes 30 minutes or never show up UBER is our only RELIABLE option for many of downtown outings to dinner, to shows and to special events. I believe the removal of UBER will hurt economic growth in Greenville and other Cities that they operate. UBER has also offered an excellent employment option for many SC residents. For a state that touts business growth, entrepreneurship, innovation and employment opportunities ...this action sure does walk the talk.

KEEP UBER ALIVE.
